LAUNDRY DETERGENT -PHOSPHATE FREE-

Application area:

- suitable for all washable and bleachable fabrics, except wool and silk
- can be used in the temperature range 30 °C – 95 °C
- suitable for all machine types and water hardness levels

Product characteristics:

- excellent dispensing behavior
- cost effective in use
- excellent cleaning performance due to selected combinations of surfactants
- bleaches even when used in low temperatures
- removes persistent stains like blood, protein, coffee, tea, red wine, etc.
- special brighteners provide a brilliant white
- leaves pleasant and fresh fragrance

Application/Dosage:

- Dosage in g and ml laundry powder per kg dry laundry
- Dose according to levels of water hardness and soiling

General washing recommendation

Water hardness level	light soiling		normal soiling		heavy soiling		extreme heavy soiling			
	main wash only						prewash		main wash	
	g	ml	g	ml	g	ml	g	ml	g	ml
soft (I)	10	14	19	26	29	40	10	14	29	40
medium (II)	14	20	23	32	36	49	14	20	36	49
hard (III) - very hard (IV)	19	26	28	38	45	61	19	26	45	61

Productivity:

Water hardness level I = 52 kg, II = 43 kg, III / IV = 35 kg.

1 kg of detergent is sufficient for the specified amount of normally soiled dry laundry in the main wash cycle with a load of 4,5 kg. Follow the care instructions in your textiles and the instructions from the washing machine manufacturer. You can find out the water hardness level of from the responsible water supplier.

The package contains detergent for approx. 115* or 211** laundry loads with normally soiled laundry and water hardness level II for a 4,5 kg machine.

Important information:

For professional use only. Further details available from the Safety Data Sheet and Product Label.

Storage: Store securely closed in original package. Keep away from flammable materials. Protect from humidity. Protect from direct sunlight and exposure to heat. Store in a cool place.

Disposal: National or local regulations must be observed when disposing of empty container.
