For hand drying reliability in busy washrooms that demand consistency, quality and value, choose Scott® multifold hand towels. The efficient folded hand towels offer reliable everyday hand drying and consistent quality at an affordable price. Unique Airflex™ Technology ensures that the single-ply Scott® hand towels are absorbent and strong, even when wet, so you use less and waste less. The clever, multifold clear cut design dispenses one paper hand towel at a time. This single sheet dispensing method is designed to improve hand hygiene by minimising the risk of contamination when hand drying as the user only touches the paper towel they are using. Dispensing one disposable hand towel at a time also provides exceptional cost in use as the user only takes the hand towels they need when drying hands.
