	Roll	18.50	x 20.00	Height x Diameter(cm)	1.09
	Sheet	38.00	x 18.50	Length x Width(cm)	

Product Description

No matter which surfaces they come into contact with throughout their day, give your employees and visitors greater peace of mind by providing proven cleaning and disinfecting workplace hygiene solutions to help break the chain of germ transmission. The WypAll® L10 disposable wipers are designed to deliver on your wiping task, every time. These single use, 1 ply food and hygiene centrefeed paper rolls are mid-size with high capacity. The dry cleaning wipes are designed for light duty hygiene wiping and are perfect for tasks such as cleaning food preparation areas and service surfaces. Our unique Airflex™ technology delivers exceptional strength and absorbency in every paper wipe and the blue roll is designed to be easily detectable in contamination critical environments. These WypAll® paper wipers can be used once with detergent or disinfectant. These Kimberly-Clark wipers have been tested as compatible for use in spray and wipe application with peracetic acid, hydrogen peroxide and quats (quaternary ammonium compounds). Spray and wiping compatibility helps to ensure workers can wipe own work spaces, vehicles, desks, seating and food prep areas before and after use. Spray and wipe also helps to enable production workers to clean down / sanitise individual workstations before hand-off to next shift. For environments where fully saturated wiping is a requirement, these WypAll® wiping rolls are tested as compatible with soap/detergent. Always follow manufacturers instructions for dilution, application and contact time. The WypAll® wipers are also available in white (7490) and are compatible with Aquarius™ Roll Control™ wiper dispensers (7018 & 7181). The Individual sheet size of the blue wipers measures 38cm (L) x 18.5cm (W). 6 Blue Rolls x 630 Paper Wipers (3,780 total)

Product Features

- Each WypAll® L10 1 ply blue roll contains 630 wiping paper sheets
